## Who We Are

Shiv Shakti Infosys is a 25-year-old leading provider of IT solutions and electric measuring instruments, proudly serving government and industrial clients across India. As an authorized stockist of Megger, Cannon, Pitney bowes, Dell, A&T instruments in North India, we specialize in high-precision electrical testing equipment such as insulation testers, clamp meters, power analyzers, and more. Known for our innovation, quality, and customer-first approach, we empower organizations with reliable technology and expert solutions.

## Our Products and Services

We offer a comprehensive range of electric measuring and testing equipment, including Megger instruments, designed for accuracy, safety, and efficiency. Our product lineup includes earth testers, insulation testers, it hardware software and consumable ,clamp meters, power quality analyzers, thermal cameras, EV adapters, battery testers, cable fault locators, and more—engineered to meet the diverse needs of industries and ensure optimal electrical system performance.

### Authorised Dealers / Reseller : (IT & Consumables)

### Authorised Dealers / Reseller : (Electronics & Electrical T & I)

Megger designs and manufactures portable electrical test equipment. Megger products help you install, improve efficiency, reduce cost and extend the life of your or your customers' electrical assets. Established in the late 1800s, the company has been designing and making test and measurement instruments that perform electrical measurements for preventative maintenance, troubleshooting and commissioning for decades. Megger products have supported customers all over the world to improve their facilities' efficiency, reduce costs, extend the life of apparatus and through trending and analysis, anticipate equipment failure and future performance. It now has local offices in many locations with technical support teams and distributors all over the world. Manufacturing plants are located in Germany, Sweden, the UK, and USA.

### Transformer Oil Testing

#### Fully Automatic Insulating Oil Dielectric Breakdown Tester

- Suitable for mineral, ester and silicone Oils
- Fast precision breakdown detection
- Easy adjust - locking electrode gap
- Full Rang to suit all user needs
- Ultra - Fast HV switch off time.

### Battery Testing

#### Battery Tester

- Measures impedance on cells up to 200 V
- Supports lead acid, NiCD and lithium-ion
- Supports battery discharge testing
- Measures DC voltages up to 1000 V
- Measures AC voltages up to 600 V
- Touch screen set-up and trending
- USB and micro SD card

### Transformer Testing

#### 5 KV Diagnostic Insulation Resistance Tester

- Unique dual-case design- additional user protection
- Safety rated up to CAT IV 1000 V to 3000 m
- Advance memory with time / date stamp
- Compatible with CerSuite Asset
- PI predictor function (Pip)
- Measures up to 30T $\Omega$

### Traction Motor Testing

#### Automatic Static Motor Analyser

- Test voltages from 4 KV to 15 KV
- Plus, low voltage testing for winding resistance, inductance and capacitance
- DC insulation resistance (IR, DA, PI) and DC HiPot ( Standard, step or ramp )
- These include high voltage test for surge and PD

### General Department Testing

#### Industrial Multi Tester

- AC voltage, Phase rotation and frequency
- Rechargeable batteries and charger
- 4 wire low resistance bonding test
- Multipurpose industrial carrycase
- 2 wire continuity and diode test

### Traction Distribution Substation Testing

#### 4-Terminal Digital Ground Testers

- Dry cell or rechargeable versions
- User selectable test frequency
- Attached Road Technique (ART)
- User selectable output voltage
- Simple one button operation
- 2, 3 and 4 point testing
- Robust carry case

### Comprehensive and Safe Motor Testing

#### Rotating Machine Tester

- Full colour graphic display
- Three-phase insulation resistance
- Guard terminal
- DLRO four-wire Kelvin
- Motor direction of rotation
- Capacitance and inductance

### Electrical test and measurement solution for Railway Division Department

#### Digital Earth/ Ground Clamp Tester

- Elliptical Clamp Shape Improves access to earth cable and straps up to 50 mm
- Measures true RMS ground leakage current from 0.5 mA rms to 35 A rms
- Low maintenance flat jaw interface
- CAT IV 600 V safety rating
- Backlit LCD display

### RMS Digital Multimeter

#### AVO215, AVO415, AVO850

- 50,000 count display as well as fast response time and lower power consumption for long battery life.
- Measure DC voltage in confidence with  $\pm 0.05\%$  accuracy up to 500 V DC.
- The AVO850 has been engineered to withstand voltage spikes of 8.1 kV to help protect users against the hazards of arc flash.

Canon India Pvt. Ltd. is the sales and marketing subsidiary of Canon Inc., a world leader in imaging technologies. Having started its operations in 1997, Canon India markets a comprehensive range of sophisticated contemporary digital imaging products and solutions in India. The company today has offices in 10 cities across India with merchandise warehousing facilities at 4 location and employs over 1000 staff and over 850 channel partners.

In sync with its corporate tagline- 'Delighting You Always', reinforced by World-class technology, Canon offers an extended product portfolio, including Digital Production Printers, Large Format Printers, Commercial Printers, Multi-Functional Devices, Managed Document Services, Inkjet & Laser Printers, Document and Cheque Scanners, Digital Cameras, DSLRs, Mirrorless cameras, Cinematic Imaging Products, Surveillance cameras and Medical Imaging products catering to the multiple market segments of consumer, SME, B2B, Commercial, Government & PSUs.

#### Canon Inkjet Printer

- The Canon PIXMA Inkjet Printer are ideal for Home

#### Canon InkTank Printer

- Document print speeds are the average of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734.

#### Canon Laser Printer

- The Canon range of Laser Printers is ideal for Small Offices and Small and Medium Businesses Best use for document Printing.

#### MF Print

- Canon's proprietary On-Demand Fixing Technology transfers heat directly to the ceramic heating element, reducing warm-up time and enabling a quick first print.

#### A3 Printer

- The affordable and versatile all-in-one office solution
- Compact and efficient A3 printer consistently delivering an outstanding quality output.

Pitney Bowes (NYSE:PBI) is a technology-driven products and services company that provides SaaS shipping solutions, mailing innovation, presort mailing services with a nationwide footprint across the United States, and financial services to clients around the world – including more than 90 percent of the Fortune 500. Small businesses to large enterprises, and government entities rely on Pitney Bowes to reduce the complexity, increase the security, and eliminate the potential for fraud in the sending of mail and parcels.

Pitney Bowes is among only a handful of great American companies listed on the NYSE for 75 years. When initially launched on the exchange in 1950, Pitney Bowes provided innovative mailing solutions. Today, Pitney Bowes proudly stands as a key player for presort mailing services, mailing innovation, and as a global leader in SaaS shipping technology.

#### Data Eliminator

- Garner's high-speed and economical hard drive degausser is made with the same high quality components as our other products.
- This compact, lightweight degausser generates a 10,000 gauss magnetic field to permanently erase all data 10,000 gauss magnetic field to permanently erase all data from hard drives and tape in 8 seconds.

#### The new frontier of franking technology.

- We turn fragmentation into integration.
- The Pitney Bowes DM digital franking series
- transforms your desktop into a fully functional mail center.

#### Shreds paper, CDs and credit cards in only one machine

- Automatic start / stop
- Automatic reverse
- Overheat and overload protection
- With caster for easy movement
